🪪 Summary

Self-motivated, exceptionally organized and dedicated university student with a passion for creative problem solving, well-developed time-management skills, and strong communication and leadership abilities.

🧠 Skills

Teamwork	Communication	Design Thinking	HTML5/CSS3	Adobe Illustrator	Adobe XD

🎓 Education

2019 – 2023 Chapel Hill, NC	**B.A. Journalism & Computer Science Minor,** *The University of North Carolina at Chapel Hill* • Overall GPA: 4.0/4.0 • Journalism GPA: 4.0/4.0

💼 Professional Experience

01/2020 – 05/2020 Raleigh, NC	**Stockroom Assistant,** *North Carolina State University Organic Chemistry Labs* • Worked 8 hours per week alongside schoolwork in a lab setting overseeing materials, preparing chemical experiments, and answering questions about the lab and experiments. • Developed the ability to anticipate and prepare for possible questions and be as accommodating as possible for users of the lab.
2016 – 2018 Chapel Hill, NC	**Busser & Take-out Manager,** *Tarantini Italian Restaurant* • Worked 15 hours per week alongside schoolwork in a high-pressure environment. • Developed communication, time-management, and organizational skills.

🫶 Organisations

2018 – 2019 Pittsboro, NC	**Peer Tutoring Leader,** *Northwood High School Peer Tutoring Center* • Organized and led meetings thrice weekly to provide academic help to other students in need. • Elected president senior year; expanded the program to assist middle school students at Horton Middle School.

🗂 Projects

08/2020 – 10/2020	**Summit Meeting Manager,** *Illustration & Branding* Summit is a macOS app for managing virtual meeting links. My role in the development of Summit was to create illustrations, design icons, and handle branding for the app. Working with Summit helped me learn or improve upon the following techniques: • Adobe Illustrator & Adobe Photoshop • Resizing icons for distribution across multiple platforms • Development of unique and relevant titles and icons • Development of minimalist, modern, and attractive illustrations • Providing informational and effective images for display on the Apple App Store
